

Volunteer Form

A key factor in the success of Kenston Schools is parental support! In fact, the programs, events, volunteer resources, and financial contributions provided by the KHS PTO make a difference at our school and provide students with an even richer academic experience. Through the KHS PTO, there are many opportunities for you to lead a committee, volunteer your time, donate items, or contribute financially.

Please review the volunteer opportunities below and check all that match your interest(s) and availability. Thank you for being involved and making a difference at Kenston High School!
